PROFILE

Result-oriented Product Manager with experience owning product discovery, roadmap planning, and go-to-market strategy for data-driven and enterprise-focused solutions. Proven track record of shaping £5M+ revenue pipelines, translating customer pain points and product usage insights into scalable product features that drive engagement and adoption. Experienced in market research automation using Generative AI, KPI tracking, product lifecycle management, and cross-functional delivery in Agile environments. Strong background in analytics and engineering with MSc in International Management.

WORK EXPERIENCE

ITWCP, Southampton, UK

Product Manager – Product Strategy & Market Insights

Jul 2024 – Oct 2025

- Led end-to-end product discovery and roadmap planning, identifying customer pain points and validating **3 product concepts** added to the **annual product roadmap**
